Job Pack

Maintenance Technician

(March 2026)

Preventing
homelessness,
one person
at a time

Job Purpose

Maintenance Technician

The Property team is responsible for the management of a portfolio of over 550 properties of various size, predominantly in the Glasgow area and includes general administration, maintenance workers, technicians and painters.

The role of Maintenance Technician will play a key role in our Property team, ensuring that the properties within our portfolio are maintained to a high standard and meet all compliance regulations for the people we support.

The Maintenance Technician will follow a programme of planned works, alongside reactive interventions to ensure that the fabric of all properties is managed effectively. Through delivery of a range of disciplines including joinery, electrical, plumbing, and decorating, along with a range of testing programmes including PAT testing and water testing, the Maintenance Technician will be instrumental in creating safe, welcoming environments for the people we support.

What does our team say?

Working for Right There allows me to use and expand my skills as a Maintenance Technician to make a real difference. Knowing that my work helps provide safe and comfortable spaces for people in need inspires me to give my best every day. I'm proud to be part of a great, supportive team that truly cares about making a positive impact.

Andzrej Ramot, Maintenance Technician

About Right There

We are a charity that recently celebrated 200 years of standing alongside people in Scotland. Last year we supported almost 4,000 people to stay in their homes and stay connected to the people they love.

We provide tailored support for people, at home and in the community. We are here for people living with the effects of homelessness, poverty, addiction or family breakdown. We meet people where they are, with no judgement – walking alongside them and offering the right support at the right time.

Everyone's story is unique, and everyone's route home is different, so we tailor our response to the individual. Our approach is about building trusting relationships and nurturing people's strengths, and our 200 staff, mentors and volunteers are at the heart of it.

What We Do

For People

Through counselling, mentoring and coaching, we help people feel happier, safer and more confident to take steps to improve their own lives.

At Home

From emergency accommodation to supported and next-step housing, we provide safe and supportive places to call home.

In The Community

Through outreach, help to rent and family support, we help people live independently and build strong community connections.

Our Vision

A world where everyone has an equal chance to create a safe and supportive place to call home.

Our Mission

We meet people where they are in life with no judgement; walking alongside those who need support, and preventing them becoming homeless or separated from the people they love.

Values

At the heart of Right There is our values. And we are proud to live these every day; to be the best we can be for those involved in our work.

Respect

We treat everyone the same way - with dignity and respect. You'll find no judgement here.

Integrity

We take great pride in having high standards and transparency about our goals and progress as a charity.

Compassion

We understand the importance of empathy, and the power of a shoulder to lean on.

Aspiration

We believe firmly in the goodness in people; their strengths and what makes them unique.

Reflection

We are always learning to be the best we can be.

Roles & Responsibilities

Ensuring that maintenance in void (untenanted) and tenanted properties is to a high standard and meets all compliance regulations

- Ensuring all Right There properties are a safe and functioning environment for our team and the people we support
- Carry out electrical and plumbing repairs such as replacing light switches, broken sockets, leaking taps and toilets, replacing lights including pendants, checking the function of boilers that require top ups and resets
- Carry out general joinery and building works such as renewing worktops and kitchen units, replacing door locks including forced entry, repairing wardrobes, chests of drawers and fitting window restrictors.
- Install white goods, mainly cookers and washing machines
- Carry out testing of fire alarms, water temperature, emergency lighting and legionnaires testing
- Follow the planned work schedule to achieve first time fix and improving efficiencies
- Delivering high quality work standards across the property estate, with year-on-year improvements
- Working closely with team members, sharing standard methodology and knowledge
- Proactively lead and collaborate to ensure shared ownership for the delivery of our Property plan.
- Use problem solving skills and innovation to identify and develop solutions for key and common issues.
- Drive sophisticated tasks at a local level through to completion/resolution, advising key collaborators through the process where required.
- Use mobile technology to drive standard process in work completion and updates.
- Supporting delivery of key metrics through practical application of skills.
- Deliver on PPM schedule

Reporting and Compliance

- Consistent adherence to all relevant policies and procedures ensuring best practice and legal compliance
- Report any health and safety concerns or incidents using the reporting mechanisms in place
